

Accommodation

More than 3.950 rooms
in 23 student residences

Dear student,

It is not easy to find an affordable, suitable room in Hamburg in time for the start of semester. That is why we advise you to begin looking before being accepted at your university. Regardless of whether you are looking for a private room or a place in a student residence, our accommodation centre will help you to find the right roof to put over your head.

Living in a student residence

For students new to Hamburg, living in a residence is a good opportunity to make contact with other students. The cheap all-inclusive rent is another plus, covering all overheads – electricity, water, an Internet flat rate, room furniture, fully equipped kitchen and bathroom, as well as a repair and cleaning service for commonly used areas.
